2016 Historic Preservation Awards Program

Sponsored in part by the The Huntington Fund of the
Community Foundation of the Mahoning Valley

The Technology Belt Energy Innovation Center Warren, Ohio

The Tech Belt Energy Innovation Center, a business incubator aimed at the development and commercialization of early stage energy technologies, selected the historic 1924 Kresge Building to renovate for their programs. The design team worked to design spaces serving the high technology needs of their innovators, while at the same time protecting the historic character of the Kresge store.

Owner: Tech Belt Land Company, Rose Shaffer

Project Designer: Bruce W. Sekanick, Phillips|Sekanick Architects, Inc.

Historic Preservation Consultant: Chambers, Murphy, Burge

The Wells Building Youngstown, Ohio

The Wells Building on West Federal Street in downtown Youngstown was constructed between 1915 and 1917 and has been listed on the National Register of Historic Places since 1986. Originally built for business and commerce, the Wells Building fell vacant and deteriorated badly over the years. Through the recent efforts of the Youngstown Area Community Improvement Corporation and Strollo Architects, the Wells Building was saved from demolition.

Owner: Wells Associated Renaissance Partners, LLC

Project Designer: Strollo Architects

The Wick Tower Youngstown, Ohio

The Wick Tower in downtown Youngstown, Ohio, is an historic treasure designed by Chicago architectural firm Daniel H. Burnham & Co., and constructed from 1906-1910. In 2015, the tower was rehabilitated in a project that converted the building to residential uses.

Owner: NYO Property Group

Project Designer: City Architecture
